So what if I don't have a lot to talk about?
I shut my mouth and keep it locked until it counts
What if I don't ever want to leave my house?
Stay on the couch while all my friends are going out
(Alone)

You should be alone... yeah you should be alone
You should be alone with me
We could be alone... yeah we could be alone
But never get too lonely

I'll make the journey down the hall back to my room
Kill more time and let it rot inside its tomb
See I ain't one to climb some social ladder to...
Some Shangri-La that all the cool kids will abuse
(Alone)

You should be alone... yeah you should be alone
You should be alone with me
We could be alone... yeah we could be alone
But never get too lonely

(We could be alone together)

Ohhhhhhhh ooooooh
I'm a loner, I'm in love with you alone
Ohhhhhhhh ooooooh
Come be a loner, be in love with me alone

You should be alone... yeah you should be alone
You should be alone with me
We could be alone... yeah we could be alone
But never get too lonely
