I climb, I slip, I fall
Reaching for your hands
But I lay here all alone
Sweating all your blood

If I could find out how
To make you listen now
Because I'm starving for you here
With my undying love
And I, I will

Breathe for love tomorrow
Cause there's no hope for today
Breathe for love tomorrow
Cause maybe there's another way

I climb, I slip, I fall
Reaching for your hands
But I lay here all alone
Sweating all your blood

If I could find out how

To make you listen now
Because I'm starving for you here
With my undying love
And I, I will

Breathe for love tomorrow
Cause there's no hope for today
Breathe for love tomorrow
Cause maybe there's another way

Breathe for love tomorrow
Cause there's no hope for today
Breathe for love tomorrow
Cause maybe there's another way

I climb, I slip, I fall
Into your empty hands
But I lay here all alone
Sweating all your blood
