Close your eyes and make believe  
This is where you wanna be  
Forgetting all the memories  
Try to forget love  
Cause loves forgotten me

Well hey hey baby  
It's never too late  
Pretty soon you won't  
Remember a thing  
And I'll be distant as stars reminiscing  
Your hearts been wasted on me

Ahhh ohhh

You've never been so used as I'm using you  
Abusing you, my little decoy  
Don't look so blue  
You should've seen right through  
I'm using you my little decoy

Living life outside of dreams  
Time is changing everything  
Forgetting all the memories  
And I'm forced into you  
Just cause your into me

Well hey hey baby  
It's never too late  
When I'm gone you won't  
Remember a thing  
But I can't stand to know, I wont wait  
I was gone from the very first day

Ahhh ohhh

You've never been so used as I'm using you  
Abusing you, my little decoy  
Don't look so blue  
You should've seen right through  
I'm using you my little decoy

My little decoy

I'm not sorry at all. (Not sorry at all). No.  
I won't be sorry at all. (Not sorry at all). No.  
I'd do it over again...

Don't look so blue, my little decoy  
You should've seen right through, my little decoy  
You've never been so used, my little decoy  
And I'm using you, my little decoy
