[Verse 1:]

I feel happy, I feel sad, I feel like running through the walls
I'm overjoyed, I'm undecided, I don't know who I am
Well maybe I'm not perfect, at least I'm working on it
22 is like the worst idea that I've ever had
It's too much pain, it's too much freedom, what should I do with this?
It's not the way you plan it, it's how you make it happen
Yeah, it's how you make it happen

[Chorus:]

It's such a cold, cold world (hello cold world)
And I can't get out, so I'll just make the best with everything I'll never have
Such a cold, cold world (hello cold world)
And it's got me down, but I'll get right back up, as long as its spins around
Hello cold world
Whoa oh oh
Whoa oh oh

[Verse 2:]

Girls and boys keep lining up to see if they can measure up
They look good, and they feel wild, but it will never be enough
You say you're really hurtin', at least you're feeling something
We can hope and we can pray that everything will work out fine
But you can't just stay down on your knees, the revolution is outside
You wanna make a difference, get out and go and get it
Whoa, get out and go and get it

[Chorus 2:]

It's such a cold, cold world (hello cold world)
And I can't get out, so I'll just make the best of everything I'll never have
Such a cold, cold world (hello cold world)
And It's got me down, but I'll get right back up, as long as its spins around
Hello cold world...

[Bridge:]

Oh oh...
(Oh oh...) Don't need my eyes open... wide
(Oh oh...) I just wanna feel something

[Taylor's solo]

[Chorus 3:]

Such a cold, cold world (hello cold world)
And I can't get out, so I'll just make the best of everything I'll never have
Such a cold, cold world (hello cold world)

And It's got me down, but I'll get right back up, as long as its spins around (spins
around)
Whoa oh oh
Whoa oh oh (Hello cold world)
Whoa oh oh
Whoa oh oh (Hello cold world)
