Hello, hello
Is anyone home?
Hello, hello
Just pick up the phone

I opened up my life to you
I told you everything I knew
You listened so close, late too
You listened so close, when love was just a way out

But you're going deaf now
Yeah, you turned your head around

Hello, hello
Is anyone home?
Hello, hello
Just pick up the phone
You'll be sorry to hear, I'm doing fine now
Sorry to hear you're without me now

You blew up the world I built for us
Destroyed our secret universe
Threw out the trust I put in you
Making me feel like I've been used

And now I'm reminded
That I was just blinded

Hello, hello
Is anyone home?
Hello, hello
Just pick up the phone
You'll be sorry to hear I'm doing fine now
Sorry to hear you're without me now

I'm doing fine
You'll be alright
Maybe you'll think of me tonight (hello)
You're doing fine
And I'll be alright
Just give me time, yeah

Hello, hello
Is anyone home?
Hello, hello
Just pick up the phone
I don't wanna hear you're doing fine now
Don't wanna hear I'm without you now

I'm without you now
I'm without you now
