Down to you  
You're pushing and pulling me down to you  
But I don't know what I

Now when I caught myself, I had to stop myself  
From saying something that I should've never thought  
Now when I caught myself, I had to stop myself  
From saying something that I should've never thought  
of you

Of you  
You're pushing and pulling me down to you  
But I don't know what I want  
No, I don't know what I want

You got it, you got it, some kind of magic  
Hypnotic, hypnotic, you're leaving me breathless  
I hate this, I hate this, you're not the one I believe in  
With God as my witness

Now when I caught myself, I had to stop myself  
From saying something that I should've never thought  
Now when I caught myself, I had to stop myself

From saying something that I should've never thought  
of you

Of you  
You're pushing and pulling me down to you  
But I don't know what I want  
No, I don't know what I want!

Don't know what I want  
But I know it's not you  
Keep pushing and pulling me down  
When I know in my heart it's not you

Now when I caught myself, I had to stop myself  
From saying something that I should've never thought  
Now when I caught myself, I had to stop myself  
From saying something that I should've never thought  
of you

I knew  
I know in my heart it's not you, I knew  
But now I know what I want, I want, I want  
Oh no, I've should have never thought!
