Maybe if my heart stops beating
It won't hurt this much
And never will I have to answer
Again to anyone

Please don't get me wrong because...

I'll never let this go
But I can't find the words to tell you
I don't want to be alone
But now I feel like I don't know you, whoa

One day you'll get sick of
Saying that everything's all right
And by then I'm sure I'll be pre-
tending just like I am tonight

Please don't get me wrong because...

I'll never let this go
But I can't find the words to tell you
I don't want to be alone
But now I feel like I don't know you, whoa

Let this go
Let this go

But I'll never let this go
But I can't find the words to tell you
I don't want to be alone
But now I feel like I don't know you, whoa

But I'll never let this go
But I can't find the words to tell you
But now I feel like I don't know you
