I asked for love.
I asked for mercy.
I asked for patience.
but you're already all of these things.

I asked for love.
I asked for mercy.
I asked for patience.
but you're already all of these things.

I asked for love.
I asked for mercy.
I asked for patience.
but you're already all of these things.
oh you are...
oh you are...

I asked for love.
I asked for mercy.
I asked for patience.
but you're already all of these things.

I asked for love
I asked for mercy
I asked you for sunshine
but I thank you for the hard rain
oh I thank you for the rain.

I asked for love
oh, you are already all of these things.

If I knew what I needed
If I knew what was good for me
I'd, I'd be down on my knees begging
Please please please
let your light shine bright inside of me
shine inside of me.

I know that you're already all of these things.
