It's really hard,
I can't cry in your arms,
Cause you're not here
It's not your fault,
And if it was I wouldn't care
My heart is bigger than the distance
In between us,
I know it cause I feel it beating

So strong it'll knock you down
So strong, so strong

Over here,
I can count the miles away,
From where I wanna be
I bet your skin is warm,
And that you're smiling
Yeah, that's what I always loved
The most about you
So strong come and knock me down
Hey!

Baby if I'm half the man I say I am
(Woah)
If I'm a woman with no fear just like I claim I am
(Woah)
Then I'll believe in what you say,
There's nothing left for you to do
The only proof that I need is you

I'll get in my car,
Driving faster than I ever did before,
Head out west until I finally reach the shore
And then I'll swim back to wherever you are,
And we'll ride the under current down to the floor,
Making friends with all the unfamiliar creatures,
Pushing back on the unnecessary pressure
Come up for air just so you know we won't drown
We're so strong, the world can't keep us out
Hey!

Baby if I'm half the man I say I am
(Woah)
If I'm a woman with no fear just like I claim I am
(Woah)
Then I'll believe in what you say,
There's nothing left for you to do
The only proof that I need is you

So do you love me (Yeah)
All you gotta do is say yes
Now do you love me (Yeah)
And I won't ever second guess
Now do you love me (Yeah)
All you gotta do is say yes
Now do you love me (Yeah)
Then you've already proved it

Yeah, yeah

Baby if I'm half the man I say I am
(Woah)
If I'm a woman with no fear just like I claim I am
(Woah)
Then I'll believe in what you say,
There's nothing left for you to do
The only proof that I need is

Baby if I'm half the man I say I am
(Woah)
If I'm a woman with no fear just like I claim I am
(Woah)
Then I'll believe in what you say,
There's nothing left for you to do
The only proof that I need is you
