Don't come looking for me
'Cause I'll be right here with the words you said
Looking for the words to say,
You know what you did, you know
And how can anybody,
Forget the promise that you made
'Cause this is how the promise breaks
I always knew that you'd fall through,
And now, you're proof.

[Chorus]
Rewind to the first time
That I felt it coming,
I knew it would not last.
Rewind to the first time
That I felt it coming
Make it quick, make it painless.
Don't tell me lies,
Just say goodbye.

Now you're running from me
So cool, so scared of what you might've said
No one has ever looked away,
'Cause we know what you did, we know.
If I told anybody, then we would soon forget your name

You would never have a place,
I always knew you'd fall through
And now, your proof...

[Chorus]
Rewind to the first time
That I felt it coming,
I knew it would not last.
Rewind to the first time
That I felt it coming
Make it quick, make it painless
Don't tell me lies,
Just say goodbye.

Please don't say to much, ohhh
I think we've heard enough,

From you, ohhh!

[Chorus]

Rewind to the first time
That I felt it coming,
I knew it would not last.
Rewind to the first time
That I felt it coming,
Make it quick, make it painless!
Don't tell me lies,
Just say goodbye.
Don't tell me lies,
Just say goodbye.
