{Verse 1}

I scraped my knees when I was praying  
And found a demon in my safest haven, seems like  
It's getting harder to believe in anything  
Than just to get lost in all my selfish thoughts  
I wanna know what it'd be like  
To find perfection in my pride  
To see nothing in the light  
Or turn it off in all my spite  
In all my spite i'll turn it off

{Chorus}

And the worst part is  
Before it gets any better  
We're headed for a cliff  
And in the free fall I will realize  
I'm better off when I hit the bottom

{Verse 2}

The tragedy, it seems unending  
I'm watching everyone I looked up to break and  
bending  
We're taking shortcuts and false solutions  
Just to come out the hero  
Well I can see behind the curtain (I can see, yeah yeah)  
The wheels are cranking, turning,  
It's all wrong the way we're working  
Towards a goal, that's nonexistent  
It's nonexistent, but we just keep believing

{Chorus}

And the worst part is  
Before it gets any better  
We're headed for a cliff  
And in the free fall I will realize  
I'm better off when I hit the bottom

{Bridge}

I wanna know what it'd be like  
To find perfection in my pride  
To see nothing in the light  
and turn it off in all my spite

in all my spite i'll turn it off  
Just turn it off again

{Chorus}

And the worst part is  
Before it gets any better  
We're headed for a cliff  
And in the free fall I will realize  
I'm better off when I hit the bottom
