Down to you, you're pushing and pulling
Me down to you but I don't know what I

Now when I caught myself, I had to stop myself
From saying something that I should have never
thought
Now when I caught myself I had to stop myself from
saying
Something that I should have never thought of you of
you,
You're pushing and pulling me down to you but I don't
know what i..
No I don't know what I want....

You got it you got it some kind of magic
Hypnotic hypnotic you're leaving me breathless
I hate this I hate this you're not the one I believe in with
God as my witness

Now when I caught myself I had to stop myself
From saying something that I should have never
thought
Now when I caught myself I had to stop myself from
saying something that I Should have never thought of
you, of you you're pushing and pulling me down to you
but I don't know what I Want.....

Don't know what I want but I know its not you
Keep pushing and pulling me down but
I know in my heart its not you
woha woah ah...

Now when I caught myself I had to stop myself
From saying something that I should have never
thought
Now when I caught myself I had to stop myself from
saying
Something that

I should have never thought of you
I knew I know in my heart its not you
I knew but now I know what I want I want I want..
oh no I should have never thought
