Give me attention
I need it now
Too much distance
To measure it out, out loud

Tracing patterns
Across a personal map
And making pictures
Where the lines overlap
Where the lines overlap

No one is as lucky as us
We're not at the end but
Oh, we already won
No no, no one
Is as lucky as us
Is as lucky as us

Call me over
And tell me how
Well, you got so far and never making a single sound

I'm not used to it
But I can learn
It's nothing to it
I've never been happier,
Never been happier

No one is as lucky as us
We're not at the end but
Oh, we already won
Oh no, no one
Is as lucky as us
Is as lucky as us

Now I've got a feeling if I sang this loud enough,
You would sing it back to me
I've got a feeling if I sang this loud enough,
You would sing it back to me

I've got a feeling
(I've got a feeling)

That you would sing it back to me
That you would sing it back to me

No one is as lucky as us
We're not at the end but
Oh, we already won
Oh no, no one
Is as lucky as us
Is as lucky as us
Is as lucky as us
