I Will ? Paris Bennett

They said it was over  
they said I was through  
But amidst the wreckage  
something began to move  
my arms pushed me upward  
shake debris off my back  
my legs feel their broken yet still here I stand

[Chorus]

fire is on every side of me  
It's lit a flame inside of me  
Now night and day it's guiding me home, home  
And I will keep on the trying  
And I slay my giant  
Cause im willin to be and I will see it come  
cause I will I will I will I will

they tell me it's hopeless  
they say the odds are not good  
but I just remain focused on what I know I should  
though my friends say I'm crazy for goin my own way  
early on it used to phase me now I know their just  
afraid

[Chorus]

fire is on every side of me  
It's lit a flame in side of me  
Now night and day it's guiding me home, home  
And I will keep on trying  
And I will slay my giant  
Cause I'm willin to be and I will see come  
Cause I will I will I will I will
