**DOCTOR DOOM, A MAN OF SCIENCE, DOESN'T
BELIEVE IN JESUS,
WHY THE FUCK DO YOU?*

the rain now floods the bridge
we stood so desperately between.
the sky has lost its color
seperating the battered from the dead.
almost close enough to kiss the tears from your face
as i lie beaten and unable to stand.
remembering when we said,
let's just sleep and pretend that this is never going to
end.
ten days to come, three weeks to pass, and now she's
gone again.
the most delicate of love shatters somewhere between
the lines,
somehow between the fights.
and sometimes the print drips ink
that we'll just never understand.
these gifts are held in warning to them,
and we can't forget, she's gone.
