I left you a message  
But you werent around to get it  
Just know Im trying  
Sometimes it's hard to forget it  
Maybe I'll be the one to say  
Some days it's hard to forget it  
Maybe I'll be the one to say  
Sometimes I know I'll regret it  
It doesnt'tt matter  
Your gonna get your way  
You left me a message  
But Im afraid to read your letter  
It wont be so easy  
Only time can make it better  
Maybe I'll be the one to say  
Give it time to make it better  
Maybe I'll be the one to say  
Give it time to last forever  
And when it all comes down  
Remember me  
This is how it use to be  
A photograph of memories
