People keep waiting on a change
They ain't got sense enough
To come in out of the rain

People keep waiting on a change
They ain't got sense enough
To come in out of the rain

People keep waiting on a change
They ain't got sense enough
To come in out of the rain

People keep waiting on a change
They ain't got sense enough
To come in out of the rain

People keep waiting on a change
They ain't got sense enough
To come in out of the rain
