Yeah
Ooooh
Oooooooh!
Look at her!

She's a bad mama jama
Just as fine as she can be
She's a bad mama jama
Just as fine as she can be

Her body measurements are perfect in every
dimension
She's got a figure that's shown a bit of attention
She's poetry in motion, a beautiful sight to see
I get so excited viewing her anatomy

She's real, oh she's stacked, she's got all the curves a
man likes
She's real, oh she's stacked, she's got all the curves a
man likes

Look at her!

She's a bad mama jama
Just as fine as she can be...hey!
She's a bad mama jama...oh
Just as fine as she can be

Looks like she's born beautiful...she's bad
The essence of beauty
Oooh such lovely hair

She's foxy, classy
Oh, sexy, sassy
She's heavenly, a treat for the eye to see

She's real, oh she's stacked, she's got all the curves a
man likes
She's real, oh she's stacked, she's got all the curves a
man likes

Oooheee!

She's a bad mama jama...oooh she's bad
Just as fine as she can be...hey
She's a bad mama jama....oh oh
Just as fine as she can be

Woo! Woo!
