Throw down, baby do the throw down
Throw down, baby do the throw down

Give the people what they want when they want
And they wants it all the time
Give the people what they want when they want
And they wants it all the time

Give the people what they want when they want
And they wants it all the time
Give the people what they want when they want
And they wants it all the time

Throw down, baby do the throw down
Throw down, baby do the throw down

Give the people what they want when they want
And they wants it all the time
Give the people what they need when they need
And the need is yours and mine

Give the people what they want when they want
And they wants it all the time
Give the people what they need when they need
And the need is yours and mine
