Coalitions

please let me keep my eyes open tonight
cause sometimes i feel like i'm totally blind
the softer embrace divours us inside
the hardest arrangement i cannot rinounce
cause everybody locks some other
in coalitions
between the factions
i got this skill in
and i'm gonna keep it
we are the fear disguised as realism
we are each other's undesired gift
it's something so clever - it's something so new
it's something so clever - it breaks us in two
everybody
locks some other
in coalitions
between the factions
i got this skill in
my mind's resilient
i came down a hurricane new as a child
you've got your excuse i just have to find mine
waiting all life long to make just a move
or maybe the move is to wait all life long
everybody
locks some other
everyone can
be so strong.
