Verse 1: Your lucky man you got away, you barely got away
I don't remember what I said, your lying through your teeth
You threw your phone against the wall, that's why I missed your call
So how much did you spend?, enough to see the end

Chorus: it's my guess I'll say yes, it's your turn so call it
How clear is your conscious? coming in a combat

Verse 2: Your lucky man you got away, you barely got away
Slept outside in a vacant boat, no one has to know
Rolled downhill shirtless in the snow, found your glasses in the spring
So how much did you spend? enough to see the end

Chorus: it's my guess I'll say yes, it's your turn so call it
How clear is your conscious? coming in a combat
