Every road has come to an end  
And it seems as though that I've reached every one of  
them  
And I have no words to describe how bad want to be  
myself  
But in this mirror I see somebody else

[Chorus]

Explorer, can you hear me?  
Oh God I can hear you  
I am lost again, you've seen everything in me

When I look up at this night sky  
The moon and stars You set in place  
Yet God you make us  
Just a little lower and crown us king and queens  
Is this what we're meant to be?

[Chorus]

Explorer, can you hear me?  
Oh God I can hear you  
I am lost again, you've seen everything in me  
Explorer, can you hear me?  
Oh God I can hear you  
I am lost again, Your eyes show me what You see

We all fall down to pieces  
It's everything we know, we know  
We all fall to pieces  
It's everything we know  
We all fall to pieces  
It's everything, it's everything we know

[Chorus]

Explorer, can you hear me?  
Oh God I can hear you  
I am lost again, you've seen everything in me  
Explorer, can you hear me?  
Oh God I can hear you

I am lost again, Your eyes show me what You see
