My face is buried in your hands  
And I'm falling to my knees tonight  
Wishing to be more than what I am  
Just trying to find my place in life

Am I stuck here waiting on you?  
I'm wasting away here and it's true  
That what I said is something I cannot do

[Chorus]

You've already said I'm not that strong  
With everything I've done so wrong  
I've already ran so far from home  
Will you be the one that finds me?

It's everything you and me, it's all I can breathe in  
And I'm desperate for you here tonight  
You're all I am all of me everything I need in life  
Can I finally find my way around the time  
That I've spent here waiting on me  
Cause I'm wasting away here

[Chorus]

You've already said I'm not that strong  
With everything I've done so wrong  
I've already ran so far from home  
Will you be the one that finds me?

I've been lost for so long and over  
The distance between me and you  
You know me like I could know no other  
And I'm ready to see

And I've already ran so far from home  
Will You be the one that finds me?

[Chorus]

You've already said I'm not that strong  
With everything I've done so wrong  
I've already ran so far from home  
Will you be the one that finds me?

I've already ran so far from home  
Will you be the one that finds me?
