"Golden Leaves"

Do you remember how this first begun?
Teeth were white & our skin was young
Eyes as bright as the Spanish Sun
We had nothing we could hide

Now my dear we are two golden leaves
Clinging desperately to winter trees
Got up here like a pair of thieves
All the sirens blare outside

What's left to say when every words been spoken?
What's left to see when our eyes won't open?
What's left to do when we've lost all hope and
What's left to broke when our heart's are broken?

But sometimes,

Do you remember how this started out?
So full of hope and now we're full of doubt
Those dirty jokes we used to laugh about
But it's not funny anymore

I choke unless I spit it out
I still smell of smoke, although the fires gone out
Can't live with ya, but would die without you

What's left to say when every words been spoken?
What's left to see when our eyes won't open?
What's left to do when we've lost all hope and
What's left to broke when our heart's are broken?

What's left to say when every words been spoken?
What's left to see when our eyes won't open?
What's left to do when we've lost all hope and
What's left to broke when our heart's are broken?

Sometimes..
