This is the life I've got to live
(This is the life I've got to live)
This is the time that I can give
(This is the time that I can give)
The efforts that I make
(The efforts that I make)
Are just so that you won't escape
(So that you won't escape)

CHORUS:
Feels like I'm falling
Like this would never ever change
I just keep stumbling
I am the fool in your charade

Sleep is an overrated thing
(Sleep is an overrated thing)
Something to do when I know I win
(Something to do when I win)
Let me know when it's time to go
(Let me know when it's time to go)
I have a lot of things to show
I have a lot of things to show

CHORUS x 3
