you start a fire in my heart  
you start a fire in my heart  
you start a fire in my heart...won't go out

well she laughs just like the rain  
never know when it's gonna fall  
if it ever will come again  
or if it ever came at all  
i can spend my life  
just staring at the sky  
she laughs just like the rain  
I've never felt so dry

I'm just like a train  
never stop and never slow down  
sing the same songs everyday  
just sing'em in a different town  
I can spend my life  
waiting for the train to come  
well I'm just like a train  
with no more tracks to run
