[Mike]

You're just a stone's throw from me,
But throwing stones could never be
The perfect way to start
'Cause sticks and stones make broken bone's,
Empty words make broken home's,
But its love that broke her heart

[Both]

And If I knew what your were thinking,
I would stop this boat from sinking
But darling you are like the sand
And you're slipping through my hands,
I just don't know what you're thinking

[Josh]

You're just a photo in a drawer
But photographs are not much more
Then ghosts we can't forget
Just a red rag to a bull,
You're just a false hope for a fool,
But it's as close as I can get

[Both]

And if I knew what your were thinking,
I would stop this boat from sinking
But darling you are like the sun
Setting when my evening comes,
I just don't know what you're thinking

And I would stop the sky from falling
If I knew, if I knew
And I would love you every morning
If I knew, If I knew
Oh, oh
If I knew what you were thinking,
I would stop this boat from sinking
But darling you are like the stars,
I know I can't reach that far,
I just don't know what your thinking
