"Lying On The Floor"

Losing again this endless game
I cannot stand no more
Emptiness inside
my black hole cries
so I'll have to fill it again
It's no use trying to resist it now
(I'm) just letting it take me away

Here I'm lying on the floor
Here I'm lying on the floor
Here I'm lying on the floor
Here I'm lying on the floor

Leaving me on the toilet floor
so shaken and so small
Though I knew the start and I knew the end
the price I pay is so high
Another promise to my bright-eyed child
"I will never do it again"

Here I'm lying on the floor
Here I'm lying on the floor
Here I'm lying on the floor
Here I'm lying on the floor

Here I'm lying on the floor
Here I'm lying on the floor
Here I'm lying on the floor
