"Sunny Day"

Visit "[Sunny Day](#)" on MotoLyrics.com

I never gave anything
just took it all from you
You never said anything
though you were feeling blue

And though you made me stronger
I kept on pushing you away

(On a) Sunny day
you're on your way
You leave this place
Please stay

You could reveal my secret
hiding in our tidy home
But you let me hold my emptiness
inside this lonely wall

And now I say I'm sorry
and I should give you away

(On a) Sunny day
you're on your way
You leave this place
Please stay

(On a) Sunny day
you're on your way
You leave this place
Please stay

On a Sunny day
you're on your way
to live again
these days
