JUST BECAUSE

No I'm not OK, I disagree

With all that you've said, what you think about me

Don't come on my bedside less you want to make me
cry

Until my fever broke, until you come too close

I lost my soul

CHORUS

I'm giving up just because you've been messing with
my mind

I'm giving up just because you've been ruining my life

I live in a messy room, I've got a messy heart

I'm a lazy, careless woman

Never get too close to make you proud of me

You always find a word to say

Now I've come to believe that I'm just a beast

I shouldn't have to be on my knees

Until my fever broke, until you come too close

I lost my soul

CHORUS
