"On The Way"

Take your shoes off
Step this way
To the waterfall and back

Catch your breath
Along the way
Watching insects
Inch their way

And when the day
Is done
We'll ride in to
The milky sun

Both of us here
A whim the air is all
Drawing circles
Venture softly
We're there
In a moment
There'll be moments
To share

Looking from your
Dark window
Do you miss the city flow?

Sometimes at night
A swim a whim cath fire
Press your face
Against the glass
Soon a hundred years
Will pass
Open the door
Make up for times missing
Found a need
I never knew
I can't imagine
Passing through

Both of us here

And your unknowing smile
Unrolling unknowing
We're there
In a moment
There'll be moments
To share
