Someone's gone
and I don't know who to miss
cause' I don't know who you are
and I don't know where to start.

When I'm alone
I call all my friends
and I take them to the bar
cause' I don't know where you are.

Come and show me your face
come and tell me who you are
kiss me while the night is dark
cause I don't know where to start.
Tell me who you are, ahhhhh, ahhhhh
Tell me who you are, ahhhhh, ahhhhh

When you're here
I can touch you everywhere
I can make love to your eyes
just like the finest skies.

Someone's gone
and I still don't understand
cause I don't know who you are
and I don't know where to start.

Come and show me your face
come and tell me who you are
kiss me while the night is dark
cause I don't know where to start.
Tell me who you are ahhhhh, ahhhhh
Tell me who you are ahhhhh, ahhhhh

Come and tell me who you are
come and tell me who you are
(just) tell me who you are
come and tell me who you are.
