I represent them jet planes, Young Roddy, Trademark,  
And Wiz do the same thang.

Fly over the city where the hammers bang  
Miracle to make it to this age in the physical  
And not have fallen victim to violent crime  
Living in these wildest times

Your assailant could be a partner of mine  
Octogon signs can't stop a nigga when his mind on  
them

Digits, did you figure I could take the day off how?  
With tomorrow I'd be better than I am right now  
Change clothes, change hoes, change in my ashtray  
Pay the toll with a hundred I got the next 99  
Motherfuckas who coming

If I say that I done it, or doin it presently it's  
Either that or I'm frontin

In Atlanta actings for suckers  
Grape weed in the jar call it smuckers  
Put it in the grinder while your up shut the blinds for  
Me momma if you bout it

Is you bout it? well say you bout it bout it  
I roll one you match one if you bout it bout it  
Trees in the blender got some kief at the bottom  
Would of told you but I got high and I forgot about it  
Jets nigga, bout it bout it, roll and match one if you  
Bout it bout it

Smoke one for C-Murder you are not forgotten  
You lookin for spitta you find me where it's cloudy,  
Cloudy

Yeah nigga I'm rollin thru, orange coup, candy suit,  
Chrome shoes

Attention given to spitta your bitch is ignoring you  
You a simp homie she ain't like the way you think  
She like "poor me some of that" she can't pronounce  
What I drink

Aspiring models, showing groupie love to them niggas  
With 20 bottles in the corners of them clubs  
And on the real I been so old g, before my time when I  
Was 17  
My main girl was 25

Ain't seen nothin like it in your life  
Hot spitta space jammin livin flow so on ice, nigga

Is you bout it? well say you bout it bout it  
I roll one you match one if you bout it bout it  
Trees in the blender got some kief at the bottom  
Would of told you but I got high I forgot about it  
Jets nigga, bout it bout it, roll and match one if you  
Bout it bout it
