[Verse 1:Curren\$y]

I know what it's like

To want it all, I was born to ball

Making Lamborghini engine sounds pedaling my bike

Lusted at luxury life since a tyke

Switches on a Monte Carlo turn a car into a trike

These images was burned in my mind

Chasing that paper like it stole something of mine

It did though, friends killed over small bills

I still go, hard spitting bars for them folk

Life so fragile

But the big bucks lay down the road less travelled

Cause they scared of the hazards

We living for the money, nigga we dying to have it

These hoes shaking asses doing lines

Popping valiums adding to a long list of bad habits

Niggas murdering, burglaring and kidnapping

Dashing and cashing all in the midst of the madness

[Hook: Pharrell Williams]

I know

I was there so I seen and I did what you up to

I know you're chasing the paper (my nigga)

I know that scared but it's there and the girls wanna  
fuck you

I know you're chasing that paper (you're chasing that  
paper)

[Verse 2: Curren\$y]

I know what that it is

All I wanted was some rims

I had a couple girls

But I knew if I had some chrome, I could multiply them  
hoes by ten

Materialistic them bitches is kinda hypocritical though  
my nigga

Because we play the same games wit 'em

Guilty of it fuck it though

I'm lane switching with no roof like a house when a  
tornado hit it

No kidding this world ain't Disney  
These characters is after your pennies  
Stack up can't go far with the dealings  
Pimpin, back up, look at the whole picture and then see  
if it add up  
I ain't no mathematician but I can count  
On the jets fetching a very large amount  
Racks on, racks on racks  
Stretch marks on my account  
I know how you feel I'm still feeling it now

[Hook:]

I know  
I was there so I seen and I did what you up to  
I know you're chasing the paper (my nigga)  
I know that scared but it's there and the girls wanna  
fuck you  
I know you're chasing that paper (you're chasing that  
paper)

[Outro: Curren\$y]

Eyes low but I'm still watching outsiders  
Any girl know that she rolling with a rida  
Money on my mind yeah that shit is inside us  
I'm up all night chasing paper (paper)

[Hook:]

I know  
I was there so I seen and I did what you up to  
I know you're chasing the paper (my nigga)  
I know that scared but it's there and the girls wanna  
fuck you  
I know you're chasing that paper (you're chasing that  
paper)
