[Intro: Wiz Khalifa]

Higher than you ever been in your motherfuckin' life  
nigga  
Without even tryin'

[Verse 1: Wiz Khalifa]

The game got a grip, never slip  
Can tell by the way I got my hands on it  
Started at the bottom but now my money is so  
motherfuckin' tall I can stand on it  
Ain't just happened homie I planned on it  
You think you better don't just talk 'bout it put some  
grands on it  
Sleep in Cali woke up in France on 'em  
Took the life I live chose talk about it now my fans on it  
Now is Dior all on my pants homie  
Don't know where I'm going my schedule full so I can't  
call it  
So much weed you see all them grams fallin'  
Rollin' so much up that my fingers startin' to cramp on  
me  
Hear you talkin' 'bout what I am  
On top of that shit you sayin' you gotta say rich as fuck  
when you mention us  
I get a hold of the bombest weed and I twist it up  
Them Cadillacs in line out front just to pick us up

[Verse 2: Curren\$y]

I woke up to a joint, cartoons and cereal  
A coupe with zero miles and oatmeal interior  
These chicks diggin' my style  
I'm sincerely superior to whatever your doing right now  
And whatever your plannin' to get into  
I'm just clockin' my miles  
On the road to these riches, these hoes wavin' and  
smilin'  
But I don't pay 'em no attention, I'm all about my  
empire  
We [?] trying to get bigger, we multiplying in size  
These snakes trying to get with us, they lookin' for the  
co-sign

But a real nigga don't give a fuck, I'm too busy gettin'  
high  
You can hitch a ride on another truck  
Now excuse me as I kiss the sky  
Peace signs to baby girl before she try to kiss me bye  
She miss me like the sun in her eyes, can't catch a pop  
fly  
Kush castles in the sky  
The only hassle is when I smash and go she want to cry  
I get dressed she wanna know where I'm going and  
why  
Can't deal with that
