Hook:

Yeah, you've seen the dice, now let me see the money  
Smelling like weed on Versaci  
Whips on blades like hokey skates  
I already know them hoes watching, watching  
Niggas on side, them they gonna hate  
I ain't really worry and about them  
This hard time now the homie got away  
Try to control your face,  
Hide your emotions, don't let everybody know it!  
Watch the goal fall, gangsta pictures in motion  
Motion, picture my nigga, picture us rolling!  
Watch the goal fall, gangsta pictures in motion  
Motion, picture my nigga, picture us rolling!  
Watch the goal fall, gangsta pictures in motion  
Motion, picture my nigga, picture us rolling!

Michael Corleone, presidential rolling on  
Class is full of...foes penny ones, what they want  
Type a shit they wanna sling  
Dope right here, dope traits my  
Dope boy rise up by outside  
Three years miles cruise, she started...  
Underground, though the word is I'm getting kinda  
big  
Anybody a trade smoking hella big...  
Come out with, blew up with, blew up with these niggas  
I'll stand in the front black sixus  
Taking pictures with our best bitches  
... go deep in that water, before I hit another bitch  
whole body  
I promise that I can tell you all about it!  
How the boy made a million about spitting,  
About chilling with his partners...

We study long, study wrong  
And shit, I got fast... my money long!  
Got paper, I'm getting to it! got the hous wakin on!  
They say life's a trick, but I won't say I'mma fight  
some more  
My city in your city with bitches you're trying to fuck  
... you wish to have keys for  
Mother I crawled out... begin it all  
I repaint and... you already know it's us  
...this clean, apparently we're this strong  
Make the bitches leave home with their... on  
Nigga... from these hoes to these goons...  
The he life was just, only revolves around dough  
And when they sense you're getting rich, everybody  
plays your clubs  
And I'm buying the same shit, tell me what I'm  
gonna do most  
But I learn the hard time, you kinda like it when it's  
dry  
They gonna hit me anyway, fuck 'em, take a wild night

Picture us! My nigga picture us!  
The flight was two and a half hours

From New Orleans to NYC  
Car service brought me to the Trump tower  
Got this one coop to thinkÂ...  
Luxury housing, divorce settlement  
Bitch came out big, nice couches, love condoÂ...  
AinÂ't have the same shit  
But the language spoke values  
Dear, what we want is disappear before the moment  
Text message when she rose  
Let me know I got the best of him!  
She woke up on it!  
And on my earliest convenience she would want more  
if only  
I didnÂ't have another flight to catch it, would be for  
show  
My clock rose, check our time  
That means I always gotta go!
