I want you (Yeah!)
I got to have you (hehe, alright)
But what will this lead to? (Am I wrong?)
Will it just be me and you? (Yeah!)
Tell me; you know I want you (You said that already)
Tell me how you feel!

I will be pleased if you roll my weed
Because I'm sober as a cobra
I'm sitting on the floor, you on the sofa massaging
my shoulders
Only me and you and none of my homies coming over

Cuz I already called them told them we'll be local
until the morning
Pouring on my motion Tropicana and on P
You drunk and full of weed and on E and horny and on
me
I got that knockout, I'll beat it up until you fall
asleep

Your home-girl beanie the sheets but fold them like
she ain't told you
And the streets see cool and confident the bed is so
controlling
Said I something serious and that's what got you
curious
Your eyes are the ones this into your into 1000 dollars

You got your curtains drum making your blinds up
Now I know there's nothing run into your mind
besides
The thought of pulling your thumb aside letting me
behind you
Got a hand full of that pretty hand I hope is yours

Cuz I'm gonna be putting on it like is to the war
Bout too far from the bed to the floor
Tomorrow ? episode that's for sure
But I hope you ain't too hurt to fuck once more
And before we knew it last night will turn into a!
