Danger in shape of something wild  
stranger dressed in black  
she's a hungry child

No one knows who she is  
or what name is  
I don't know where she came from  
or what her game is

Hot child in the city  
hot child in the city  
running wild and looking pretty  
hot child in the city

so young to be loose and on her own  
young boys, they all want to take her home  
she goes downtown and the boys all stop and stare  
when she goes downtown she walks like she just don't  
care

Hot child in the city  
hot child in the city  
running wild and looking pretty  
hot child in the city

Come on down to my place baby  
we'll talk about love  
come on down to my place woman  
we'll make love

Hot child in the city  
hot child in the city  
she'd kinda dangerous  
hot child in the city  
young child  
running wild and looking pretty  
young child, running wild  
hot child in the city  
hot child in the city  
hot child in the city  
hot child in the city  
hot child in the city

hot child in the city  
hot child in the city  
hot child in the city  
Hot child in the city
