Never could say what I wanna say
Never could do what I wanna do
Never could believe you
If it's true, never could, never would
You make it so hard
I never wanna leave you

I'm always right
You're never wrong
We change the tune but not the song
Over and over
Til it's done, it's never done, never done
You make it so hard
I never wanna leave you

I never wanna leave you

Moving together
Coming apart
You're what I need
I'm whatcha want
Never could refuse you from the start
Never could, never would, never could
You make it so hard

Never could say what I wanna say
Never could do what I wanna do
Never could believe you
If it's true, never could, never would
You make it so hard
I never wanna leave you

I never wanna leave you (repeat)
I never wanna...
