We're running with the shadows of the night
So baby take my hand it'll be alright
Surrender all your dreams to me tonight
They'll come true in the end

You said old girl it's a cold world when you keep it all to yourself
I said you can't hide on the inside all the pain you've ever felt
Run to my heart and baby don't look back
Cuz' we've got nobody else

We're running with the shadows of the night
So baby take my hand it'll be alright
Surrender all your dreams to me tonight
They'll come true in the end

You know sometimes it feels like it's all moving way to fast
Use every alibi and words to deny that love ain't meant to last
You can cry tough baby, it's alright
You can let me down easy but not tonight

We're running with the shadows of the night
So baby take my hand it'll be alright
Surrender all your dreams to me tonight
They'll come true in the end

(guitar solo)

We're running with the shadows of the night
So baby take my hand it'll be alright
Surrender all your dreams to me tonight
They'll come true in the end

And now the hands are tellin stand here still
Midnight Angel won't you say you will

We're running with the shadows of the night
So baby take my hand it'll be alright
Surrender all your dreams to me tonight

They'll come true in the end
