Last night, quietly, she walked through my mind  
As I lay searching for sleep  
Her soft hands reached out, she whispered my name  
As she brushed a tear from my cheek

And then those funny familiar forgotten feelings  
Start walking all over my mind

It's sad, so sad to watch love go by  
But a true love would not have gone wrong  
I'm just thankful for the good times we've had  
For without them I could not go on

With all those funny familiar forgotten feelings  
Walking all over my mind

I must go on, be strong  
Though millions of teardrops may fall

Before those funny familiar forgotten feelings  
Stop walking all over my mind  
Before those funny familiar forgotten feelings  
Stop walking all over my mind

Before those funny familiar forgotten feelings  
Stop walking all over my mind
