In this moment I
I will find
In this crowded house
you are mine
In this moment I
I will see
If think of once for yourself
and not
not for me
She lives her own life
and I will see her
she's something for sights yea
chorus
the minute you get there
won't you lay your hands on me
the minute you get there alright
the minute you get there
won't you throw your arms around me
the minute you get there alright
In this house of hope
you must believe
In this town I won't
won't be free
In this minute I
I can't lie
won't lie about the way
that she lives her own life
and I will meet her
she's something for sights
and I will see her
she's crying through the night
and I will find her
and I will find her
(chorus)
In this house of hope
no I won't cry for you
In this moment I will soon
soon be through
In this house of mine
you will see
drink once for yourself and not
once for me

once for me
she lives her own life
and I will see her
she's something for sight yea
(chorus)
the minute you get there alright
