Times are changing
Life rearranging
We've seen the falls
Nobody told us
That love would make us
I can't believe that's all
You better
Come up and save me
From this
Love that escapes me in your eyes
It will always send it back to
Where I want, where I need
Set me free
Your touch it brings me
Where I want to be
Don't let me fall
Nobody told us
That love could break us
Now I see it all
And it's the last time
I'm begging for some
Some kind of love
I would, say that
I've never been perfect
You know I won't let you
Fall down
This time I'm coming in after
I'm coming in after
And you know I will find you
I can't wait for time to
Heal these wounds through
I'll roll the dice
If you adore me
Like i adore you
Find me tonight
