You are the one I love, and the one I hate
I tried to tell you but now it's too late
And as I walk alone the skies turn gray
I'm dying to tell you coz there's no other way

You were my little baby girl, I knew all your fears
Such joy to hold you in my arms and kiss away your
tears
But now you're gone there's only pain and nothing I can
do
And I don't wanna live this life if I can't live for you

Can't tell you what I did, I wasn't there
Set sail for shores unknown, going nowhere
They gave me everything, I wanted you
I have to end it now to be there too

You were my little baby girl, I knew all your fears
Such joy to hold you in my arms and kiss away your
tears
But now you're gone there's only pain and nothing I can
do
And I don't wanna live this life if I can't live for you
