

Path Of Resistance

"In Honor's Name"

The followers of false leaders,
have chosen the easiest course
Our defiance in the face
of this insurmountable force

Battles, escalations, complete annihilation
Death is certain in honors name
Sin overflowing we'll die knowing
Path of resistance brings no shame
Through countless years, wrecks and tears,
we've built this to defy
And with the strongest of wills,
we will reach for the truth tonight
With the strongest of wills,
we will fight for the truth tonight
With the strongest of wills,
we will prepare to die for the truth tonight

To die is gain, take it to your grave,
To die is gain, to die in honors name,
To die is gain, to die in honors name,
To die is gain, take it to your grave
