Instant replay, flashing scenes  
Your mind is full of grief  
What's your problem, give it a try  
Let's step into the night  
You and me and everything  
You wish you could delete  
You might find something inside  
Katharsis deep within...

Don't hesitate, embrace what is fake  
You might find something inside  
You might find something that's real in the end  
Somewhere inside, katharsis insight...

Precious memories, day's of old  
His heart is still with you  
Loneliness is eating you  
Your lust has gone astray  
Sleeping with the enemy  
Your time has come today  
You might find something inside  
Katharsis deep within...

An open mind...

Mind overload - out in the cold  
Spiritual deception is taking it's toll  
Don't hesitate - embrace what is fake  
You might find something that's real in the end...

Grief don't show no mercy - time will tell the truth  
You don't need no pity - depth is what you need...

Contemplating, digging deep  
Inside there's something more  
Throw yourself into the pit  
Stripped down to the core  
Pain and suffering, holds you down  
Crying for relief  
Examine your innerself  
Katharsis deep within...

An open mind - heals your soul...
