

Pathos **"Violated"**

Embrace the god of solar fire
Fill your veins with devotion
Free your mind, proffer your soul...

Skeleton dance with warlord messiah
Putrefied and perished by sin after sin
Malevolent creations, feast on your bones...

Soul, contemplating your
Soul, proffer your
Soul, repulsive
Forms, possessions control...

Proffer your soul
Feast on your bones...

Ceremonial offerings in seventh heaven
Fill your veins with celestial devotion
Embrace the god of solar fire...
