Take a pill take a pill let it all hang out  
I've got a plan to leave this town  
Take a pill take a pill let the words come out  
And I've got a plan, to leave this town  
But part of us, won't be getting out

We strive to be that number one  
But if I turn the camera towards me  
Everyone's got their own way to breaking up this place  
This is my open ears at what I have to say  
Well known, I've got a glass loaded cash  
Money and cant you hear my tone  
Ill make it last, ill call the shots  
Well known, I have glass loaded cash  
Money and cant you hear my tone  
So raise the glass  
Give a toast we're gone

Let's write that catchy chorus  
Let's sing that melody  
I'll use these lyrics as a way  
To get away from here

We'll take the stage  
And play the song  
So get up get up  
And sing along

Well known, I've got glass loaded cash  
Money and cant you hear my tone  
Ill make it last, ill call the shots

Money and cant you hear my tone  
So raise the glass  
Give a toast we're gone

Let's write that catchy chorus  
Let's sing that melody  
Ill use these lyrics as a way  
To get away from here [x6]
