And quiet don't make a sound
I'm probably already too loud
It's early and the street lights are barely awake
This is a long drive
Please let her plane be delayed
Lay down, relax, and just forget that your leaving me

Till next time my little bird
I'll stay close in my heart but closer to that telephone
Fly back fly back home
Come back come back home
We can fall in love again
Just like we did at the terminal

We can rest so we stay up all night
You can't sleep so you turn to your side
You too shaken up and that's alright
We'll just talk away the night
We dread the next morning
But Jamie we love the drive

Till next time my little bird
I'll stay close in my heart but closer to that telephone
Fly back fly back home
Come back come back home
We can fall in love again
Just like we did at the terminal

And I'll be the beat the storms and the heat
We'll prove them wrong
We'll prove them wrong
And you'll be the street the snow and the sleet
We'll show everyone
I'll walk you to your gate
We'll just have to wait

Till next time my little bird
I'll stay close in my heart but closer to that telephone
Fly back fly back home
Come back come back home
We can fall in love again
Just like we did at the terminal

Till next time my little bird
I'll stay close in my heart but closer to that telephone
Fly back fly back home
Come back come back home
We can fall in love again
Just like we did at the terminal
