Oh so vulnerable with hips like that
And it's gotten to the point where I can't take it
And dare I make a move?
So what do you say
Let get out of this place and see where it takes us to

Women
Can't live with them
Or without them
And you sure and hell can't kill them
Oh baby I'm thinking that maybe
That I can make you sweat like it's summer again
I'll make you sweat until you like it
I'll make you sweat and then
If you deny me
Then bring out the ladies, ladies!

Hey well, well, well,
If it isn't Miss Hollywood
Breathing down my neck
Like I knew that she would
And naturally she comes with me
With a little bit of Miss Communication
But who would have that that she was a little Miss
Taken?

Women
Can't live with them
Or without them
And you sure and hell can't kill them
Oh baby I'm thinking that maybe
That I can make you sweat like it's summer again
I'll make you sweat until you like it
I'll make you sweat and then
If you deny me...

And if you deny me, oh no
So I've got to be honest
I want your body
And I won't stop til I get it
You better recognized my needs and desires
I've got to be honest, I want you body

Cause it's in your eyes
And in your smile

And if you deny me, oh no
I'll make you sweat
I'll make you sweat
I make you
